

HOMEOWNER PROPANE APPLIANCE REBATES

Still Available

If you need a new water heater or furnace, ***there's a rebate for that.***

HOMEOWNERS RECEIVE:

- **\$400** when replacing an electric/natural gas furnace with a new propane unit in an existing home or a new home build.
- **\$300** when replacing an electric/natural water heater with a new propane unit in an existing home or a new home build.

Energy Star propane appliances can reduce your energy bills by approximately 13% to 20% in annual energy costs, compared with standard electric models.

Propane has minimal emissions (EPA), cuts your home's carbon footprint by nearly 50% compared to electric.

Call our Rebate Team and we'll help you complete your application.
