

2026 PROPANE HYBRID HEAT PUMP SAFE INSTALLATION REBATE APPLICATION

PAGE 1 OF 2

To qualify for the rebate, the Propane Hybrid Heat Pump must be installed along with a new Propane Tankless Water Heater. The Propane Hybrid Heat Pump sits on top of a Air Handler. The Propane Hybrid Heat Pump works by sending hot water to the hydronic coil (within the Propane Hybrid Heat Pump) to warm the air, where then the Air Handler blows the warm air throughout the home. Rebates will be paid until funds are depleted. To apply for this rebate:

Internal Use Only:

☐ ET ☐ DD ☐ ED

1. Complete this entire application (2 pages). Incomplete applications will not be processed. **PRINT clearly.**

2. Include a copy of the paid in full receipt or invoice (must be purchased January 1, 2026 - December 31, 2026.) Must include information on the company installing the appliance. For appliances purchased *before* November 1, 2026, rebates will not be issued after December 31, 2026. For appliances purchased *on/after* November 1, 2026, rebates will not be issued after January 31, 2027.

1. SUPPORTING DOCUMENTS

Checklist of Items to Include:

Licensed Installer Phone Number	Licensed Installer Email		
Phone	Email		

5. PROPANE SAFETY INSPECTION INFORMATION

Licensed Installer or Propane Supplier can fill out Section 5 and sign below.
At least one safety inspection must be filled out.

A Safety inspection accompanying the installation of the qualifying appliance(s) must include one or more of the following 1) a leak test; 2) a pressure test if required by applicable laws, rules and regulations, and/or 3) a flow and lock up test on the regulator(s). The Safety inspection must be performed prior to the submission of any rebate application. The purpose of the Safety inspection is to support the OPC Rebate Program rules and requirements that a safety inspection did occur as required under the rebate program rules and regulations. Licensed contractors **can** perform safety inspections. If your installer is not licensed by the state of Ohio, then the Propane Safety Inspection **MUST** be performed by your propane retailer.

Safety leak check was performed:	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No	Date	Date Installed	Technician Name	Safety Inspector
Pressure test was performed:	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No	Date	Date Installed		
Flow & lock-up test was performed:	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No	Date	Date Installed		

☒ Performed by licensed installer ☐ Performed by propane company

I certify that this propane appliance was purchased for installation at the above address. I am aware that a receipt of purchase is required at the time of submission of the rebate form in order for the rebate to be accepted for review. I am further aware that no check will be issued until all program requirements have been met and the rebate has been approved. I understand, and have complied with all laws, rules and regulations governing the installation of the qualifying appliance(s) and with the manufacturer's installation instructions. The Ohio Propane Council assumes no responsibility whatsoever for the installation, inspection or testing of the qualifying appliance or any associated gas system and, by issuing a rebate, makes no representation, warranty or guarantee regarding the qualifying appliance or the associated gas system. The OPC disclaims any liability for personal injury, property damage, business losses or other damages of any nature whatsoever, whether special, indirect, consequential or compensatory, directly or indirectly arising from the installation of the qualifying appliance. All rebates are subject to availability. This is a limited offer and all requests will be processed on a first come, first served basis. The OPC has first rights on interpretation of all terms and conditions pertaining to this offer.
